HABITATS

EAST AVENUE

Nashik, traditionally renowned as a city of religious significance is now also fast emerging as an industrial epicentre of India. With upcoming Information Technology Parks (IT), a major SEZ in the making, educational hubs, prominent places of historic importance and flourishing state of the art international standard vineyards, Nashik has just begun its journey to emerge as the next metro in Maharashtra.

Nashik, undoubtedly is considered as one of the most planned and fast developing cities in Maharashtra with its major infrastructural upgradations and close proximity to Mumbai.

The latest Jewel in Nashik's crown will be **EAST AVENUE** a residential destination to reckon with and a place you will fondly call home. Standing 8 storeys tall in the heart of the city in Indiranagar, East Avenue is not just a modern day residential building, but a gift from **ZARA HABITATS** to the ever growing Nashik skyline.

East Avenue boasts the joy of a unique location which is effortlessly accessible from the Mumbai - Agra Highway and Nashik-Pune Road. Moreover, Dwarka, Mumbai Naka, Ashoka Marg and Pakhal Road are in close proximities. The luxury of enjoying nature, open spaces and also being conveniently positioned in close distance to reputed schools, hospitals, cinemas and shopping malls, is a huge advantage for East Avenue's residents.

From well-thought-out amenities and spaciouly designed apartments, every little aspect is a perfect blend of beauty and utility. The design and execution has been planned to ensure nothing but the best for its residents.

What's inside..?
